exception of a slight overlapping of the writer's opening chapters with the closing pages of Dr Chapman's narrative an overlapping however which has involved almost no actual repetition of incident each book covers a separate field yet the keynote of the two volumes is essentially the same namely that California history is vastly more significant because of its national and international aspects than for any local interest it may possess from this standpoint the event of primary importance in the history of California is its transformation from a Mexican province into an American state to this event as Dr Chapman shows the Spanish period looks forward from this event dates the California of today and the greater California of tomorrow in preparing this volume for the press the writer has had in mind three objects to make his book conform to the canons of sound scholarship to escape a provincial and localized point of view and to avoid being classed with those who write for nothing so irrelevant as a reader about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
